Search options

Once you conduct your search, there are filter options on the left side of your search results screen.

**Refine Your Search** allows you to limit results to full text online, peer-reviewed, or physical items in the library catalog.

**Institution** searches for materials at other NC community colleges.

**Content Type** lets you limit your results to specific resources like newspaper articles, magazine articles, academic journals, or books/ebooks.

**Publication date** allows you to choose the date range.

**Discipline** searches for materials in specific subject areas.

**Subject terms** lets you search with specific keywords related to the subject area of your search.

**Language** limits results to those in a specific language.
